

# CAPABILITY STATEMENT

## Driving Digital Transformation for Mission-Critical Success

ISO 27001:2013 | ISO 9001:2015 | CMMI L3 | CMMC

**POLESTAR**  
FEDERAL SOLUTIONS LLC

Polestar Federal Solutions, LLC is a joint venture between CyberBahn Federal Solutions LLC, CSZ Net LLC, and InterSec, formed to deliver high-impact IT and Management Consulting Services to government organizations. Guided by our core values—Propel, Pioneer, Prevail—we drive digital transformation, lead with innovation, and build resilient, scalable solutions that help agencies meet mission-critical goals.

### Agile-Centric Program Management

Proven expertise in delivering complex programs using Agile methodologies (including SAFe), ensuring rapid delivery, adaptability, and measurable outcomes across large-scale initiatives

### Cybersecurity Solutions

Comprehensive cybersecurity services spanning governance, risk, compliance, threat detection, incident response, and continuous monitoring—covering every phase of the cyber lifecycle.

### Digital Innovation with Operational Impact

We drive transformation through cutting-edge digital solutions—AI, ML, Robotic Process automation, cloud, and data analytics—designed to improve performance, efficiency, and resilience.

### Integrated, Scalable Service Delivery

Our application development provides flexible engagement model enables seamless integration with client environments, scaling quickly to meet evolving mission needs without compromising quality or compliance.

### Advisory & Consulting Services

Expert-led Agile and SAFe training, coaching, and advisory drive scalable, adaptive delivery; comprehensive cybersecurity consulting—aligned with NIST, RMF, and Zero Trust—fortifies governance, threat mitigation, and compliance; specialized accessibility guidance ensures inclusive design, targeted remediation, and full Section 508 compliance; and advanced data consulting applies statistical modeling, trend analysis, and actionable insights to power mission-critical decisions.
