CyberBahn Federal Solutions, LLC is an 8(a) Certified Woman Owned Small Disadvantaged Business (SDB) providing Information Technology and Management Consulting Services.

CyberBahn professionals advise Government organizations on IT and project management best practices, deliver production-ready technology integrations, and provide custom IT training. Led by the CyberBahn executive management team, our experienced consultants support a range of Professional Services, including:

- Program and Project Management Support Services
- Automated Data Acquisition, Data Migration, Data Analytics, Standardization, Transformation, BI Reporting, and Integration Services
- Data Analysis, Machine Learning, and Robotic Process Automation
- Design Cloud Security Solutions/ Application Security Management
- IV & V Testing and Remediation (including Section 508 Compliance)
- Agile Services (Coaching & Training, Consulting & Advisory, Transformation, Agile Software Development, DevOps, DevSecOps)
- Blockchain Services (Coaching & Training, Consulting & Advisory, Software Development)
- Website and Web Application Design and Development Services

OUR TOOLS

- ATLAS (Data Accelerator)
- A/R Virtual Collaboration (for Augmented Virtual Reality Training)

LEADING THROUGH THE NEW NORMAL

CyberBahn built and launched a virtual collaboration/training platform (A/R Virtual Collaboration) and an innovative, ETL based data accelerator (ATLAS) to optimize and validate data integration. Both tools are enabling the future of work during and beyond the unprecedented COVID-19 pandemic. Our tools and the virtual agile trainings/coaching will help government customers to optimize operations and reduce costs, while driving productivity and customer satisfaction

PAST PERFORMANCE

Department of Transportation

Providing Professional technical support services to NHTSA (ODI & OVSC) with multiple Task Orders.
